D. Reading(読解)

下の文章を黙読してみましょう。

Would you believe me if I say a king and a small business owner could have the same life? Whether you like it or not, it's possible.

In the 18th century, a king in Italy dined at a local restaurant with his trusted general. It was like any other day for the king if he hadn't come across the owner of the restaurant. When the owner of the restaurant took the king's order, the king noticed that he and the entrepreneur looked like the spitting image of each other. In addition to looking like two peas in a pod, they were born on the same day, in the same town and were married to women with the same name. And to top it all off, the restaurant owner opened his store on the very same day the king was crowned.

Knowing all these must have kept the king's feet on the ground. Too much power could go to someone's head sometimes.

I am writing a feature article on politics. I wonder if you could help me out. I've started brainstorming on ideas but perhaps you could add more to my list. I am writing about how a politician from a democratic government would fare if he/she suddenly finds him/herself ruling a country under a monarchy.
