A man from China has earned the moniker "Chili King" for eating a hefty 2.5 kilos of chilies a day. This man cherishes them so much that he has eight distinct varieties of chili in his garden. His bizarre habit started when he was young. According to him, he could go a day without proper food but not without spiciness. He says he eats chili because he likes them. He even added that his doctors checked him and found he's perfectly normal.

1. How much chili does Chili King eat every day?

2. How many varieties of chili does he have in his garden?

3. When did his bizarre habit start?

4. Why does Chili King eat chili?
E. **Dialogue practice**

Give a proper response to each of the following statements.
