

ROLE-PLAY SITUATION: how to make a popular Japanese dish

INSTRUCTOR'S NAME: _____

DATE OF WEBLIO LESSON: _____ TIME OF LESSON: _____

Directions: Before your WEBLIO lesson prepare your role-play situation role. Remember you only have 25 minutes, so it is important to prepare before your lesson! Follow your instructor's lead, and try and participate in the conversation positively. The instructor will most likely get you to repeat the role-play several times until you can do it reasonably fluently.

During your homestay time, to build up a good relationship with your host family, you may want to make your host family a typical Japanese dish. You may want to make it together with a host family member, so you will need to be able to explain what ingredients you will need and what the steps to making it. Think of a Japanese food dish that you can make. First plan the ingredients you will need. Then think of the steps required.

Pre-lesson preparation: Match food preparation words and pictures. Write the words under the correct picture.

(Try to answer it first yourself. Then see appendix 3 for answers.)
