

Technology

Nowadays, teenagers are much busier with technology such as smartphones and computers. Most teenagers would rather watch videos on the internet or read their social media feeds than read books. Many students do internet research instead of library research. Instead of just doing one task at a time, some teenagers could eat or watch TV while checking their smartphones. Technology is really taking a big part of teenagers' lives.

QUESTIONS:

1. According to the passage, what would most teenagers rather do than read books?
2. Look at Picture A. Tell me about the things and the people that you see in Picture A.
3. Look at the girl in Picture B. What is she doing?

[[Close the speaking test material, please.]]

4. Do you think people will stop going to libraries in the future? Why or why not?
5. What do you want to be when you grow up? Why?
